

INTEGRATOR PRICE LIST - MARCH 2024

Install Amplifiers - Unica Series

Unica Series

Unica is a groundbreaking advancement in amplifier and processing technology, delivering unmatched performance and flexibility. Integrating top-tier amplification and advanced DSP capabilities for exceptional sound reproduction and precise control. Empowering audio professionals with state-of-the-art technology and a user-friendly interface to optimize sound quality. Compact, energy-efficient, and with diverse connectivity options, it meets demanding installation requirements effortlessly. Available in three 4-channel and three 8-channel models, neatly packaged in a compact 1RU form factor.

UNICA-1K8 £4,999.00	8 Ch x 125W (4 Ohms & 100V), integral DSP and Dante.
UNICA-2K8 £5,399.00	8 Ch x 250W (4 Ohms & 100V), integral DSP and Dante.
UNICA-4K8 £6,099.00	8 Ch x 500W (4 Ohms & 100V), integral DSP and Dante.
UNICA-8K8 £7,299.00	8 Ch x 1,000W (4 Ohms & 100V), integral DSP and Dante.
UNICA-5K4 £4,999.00	4 Ch x 1,250W (4 Ohms & 100V), integral DSP and Dante.
UNICA-9K4 £6,399.00	4 Ch x 2,000W (4 Ohms & 100V), integral DSP and Dante.
UNICA-12K4 £7,799.00	4 Ch x 3,000W (4 Ohms & 100V), integral DSP and Dante.
UNICA-16K4 £9,199.00	4 Ch x 4,000W (4 Ohms & 100V), integral DSP and Dante.

INTEGRATOR PRICE LIST - MARCH 2024

Install Amplifiers - Mezzo Series

Mezzo Series

Mezzo offers the same sound clarity, reliability and overall build quality of any Powersoft amplifier, but in a half-rack unit form factor. It comes with a state-of-the-art DSP, in 2 power sizes with 2 or 4 channels of output.

All models offer multiple analog input options, and the 2 channel versions feature line-level outputs.

AD versions of Mezzo add audio networking capabilities with Dante™/AES67 and an internal Gigabit switch with a second port so that multiple products can share the same network.

Mezzo-322A £899.00	320W / 2-channel compact amplifier with DSP.
Mezzo-322AD £1,089.00	320W / 2-channel compact amplifier with DSP and Dante.
Mezzo-602A £1,099.00	600W / 2-channel compact amplifier with DSP.
Mezzo-602AD £1,289.00	600W / 2-channel compact amplifier with DSP and Dante.
Mezzo-324A £1,049.00	320W / 4-channel compact amplifier with DSP.
Mezzo-324AD £1,349.00	320W / 4-channel compact amplifier with DSP and Dante.
Mezzo-604A £1,349.00	600W / 4-channel compact amplifier with DSP.
Mezzo-604AD £1,639.00	600W / 4-channel compact amplifier with DSP and Dante.

INTEGRATOR PRICE LIST - MARCH 2024

Install Amplifiers - Quattrocanali Series

Quattrocanali Series

The Quattrocanali is a 4-channel, Class-D power amplification platform designed for small-medium scale installations where system flexibility is a must.

Offering the same reliability and renowned audio quality of all Powersoft amplifier platforms, the Quattrocanali Series operates with both Lo-Z and 70/100V distributed lines, or any mix of the two.

Quattrocanali DSP-D versions enable extensive amplifier control, as well as system and load monitoring via PC and ArmoniaPlus.

Quattrocanali-1204 DSP £2,249.00	1200W / 4-channel flexible amplifier with DSP.
Quattrocanali-1204 DSP+Dante £2,399.00	1200W / 4-channel flexible amplifier with DSP and Dante.
Quattrocanali-2404 DSP £2,749.00	2400W / 4-channel flexible amplifier with DSP.
Quattrocanali-2404 DSP+Dante £2,949.00	2400W / 4-channel flexible amplifier with DSP and Dante.
Quattrocanali-4804 DSP £3,599.00	4800W / 4-channel flexible amplifier with integral DSP.
Quattrocanali-4804 DSP+Dante £3,749.00	4800W / 4-channel flexible amplifier with integral DSP and Dante.
Quattrocanali-8804 DSP £4,299.00	9600W / 4-channel flexible amplifier with integral DSP & AES67.
Quattrocanali-8804 DSP+Dante £4,499.00	9600W / 4-channel flexible amplifier with integral DSP and Dante.

INTEGRATOR PRICE LIST - MARCH 2024

Install Amplifiers - Duecanali Series

Duecanali Series

The Duecanali Series offers remarkable low power consumption and heat dissipation, in addition to Powersoft's renowned audio quality and reliable performance - all in a compact, lightweight unit.

The Duecanali is a Class-D power amplification platform designed for larger 2-channel install applications.

Duecanali DSP+D versions also offer built-in state-of-the-art DSP, as well as Dante, providing additional system flexibility and extensive amplifier control.

Duecanali-804 DSP £1,749.00	800W / 2-channel flexible amplifier with integral DSP.
Duecanali-804 DSP+Dante £1,849.00	800W / 2-channel flexible amplifier with integral DSP and Dante.
Duecanali-1604 DSP £2,099.00	1600W / 2-channel flexible amplifier with integral DSP.
Duecanali-1604 DSP+Dante £2,199.00	1600W / 2-channel flexible amplifier with integral DSP and Dante.
Duecanali-4804 DSP £3,149.00	4800W / 2-channel flexible amplifier with integral DSP.
Duecanali-4804 DSP+Dante £3,249.00	4800W / 2-channel flexible amplifier with integral DSP and Dante.
Duecanali-6404 DSP £3,899.00	6400W / 2-channel flexible amplifier with integral DSP.
Duecanali-6404 DSP+Dante £3,949.00	6400W / 2-channel flexible amplifier with integral DSP and Dante.

INTEGRATOR PRICE LIST - MARCH 2024

Remote Controls

WMP Series - Analogue controllers

The WMP are a series of solutions aimed at remotely controlling key system functionalities, such as level control, source selection, and scene selection.

These passive controls are sharable over the network, meaning that a passive wall controller can be connected to one amplifier via GPI and control the parameters of other devices in the same network.

WMPLev-W

£74.00

Square level controller that can be configured to adjust the level of an amplifier output, as well as of single or multiple zones. White

WMPLev-B

£74.00

Same as the WMPLev-W but in Black.

WMPSel-W

£74.00

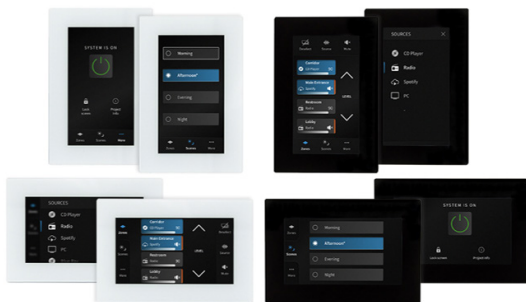

Square source selectors that allow users to pick the source for a particular zone. The same controller can be used as Scene selector, which allows the user to choose from different system configurations with the turn of a knob. White.

WMPSel-B

£74.00

Same as WMPSel-W but in Black.

WM Touch - Touchscreen

The WM Touch is a wall-mounted touch screen solution aimed at remotely controlling audio system functionalities, such as zone level and source selection, system scenes recall and system on/off.

The Touch is designed to fit single gang electrical boxes from all countries and can be mounted vertically or horizontally. Each box contains the necessary metal frame for wall mounting.

Designed to match Mezzo's routing matrix capabilities, WM Touch can flawlessly integrate in a Dynamic Music Distribution system, and can be conveniently configured through ArmoniaPlus.

WMTouch/B

£419.00

Wall mounted touch screen control solution for managing zone levels, source selection, scene recalls and system on/off. Black.

WMTouch/W

£419.00

Same as WMTouch/B but in White.

INTEGRATOR PRICE LIST - MARCH 2024

Touring Amplifiers - X Series

X Series

Designed for both touring and sound system installations, the X Series is an amplifier that raises the bar in amplifier design and functionality.

Both versions of the X Series - the X8 (8-channel) and X4 (4-channel) - come standard with Ethernet for extensive amplifier control, full DSP functionality, routing, matrix and worldwide compatible three-phase power supply.

The X Series natively supports AES3 and is also available with redundant Brooklyn II based Dante. Providing up to 4 different selectable input sources per channel.

X4 £7,399.00	4-channel benchmark amplifier with DSP. 4 x 5200W at 2 Ohm or 4 x 3000W at 4 Ohm.
X4-Dante £8,399.00	X4 amplifier but with added Dante connection.
X8 £11,399.00	8-channel benchmark amplifier with DSP.
X8-Dante £12,399.00	X8 amplifier but with added Dante connection.
X4L £12,699.00	4-channel benchmark amplifier with DSP. 4 x 8200W at 2 Ohm or 4 x 6800W at 4 Ohm.
X4L-Dante £13,799.00	X4L amplifier but with added Dante connection.

INTEGRATOR PRICE LIST - MARCH 2024

Touring Amplifiers - T Series

T Series

The T Series offers Powersoft's renowned flexibility and performance. Featuring onboard DSP and Dante by Audinate inputs, in a cost-effective, 1 RU unit, designed for small-medium scale systems.

Available in both 4-channel and 2-channel, with per channel power ranging from 750W to 3000W.

In addition to analog, the T Series includes AES3 and Dante inputs, which are optimised for daisy-chained distribution of 2-channel audio to multiple amplifiers with no need for external switches or splitters.

T302 £2,799.00	3000W / 2-channel high-performance amplifier with DSP and Dante.
T302A £2,599.00	3000W / 2-channel high-performance amplifier with DSP.
T304 £3,199.00	3000W / 4-channel high-performance amplifier with DSP and Dante.
T304A £2,999.00	3000W / 4-channel high-performance amplifier with DSP.
T602 £3,399.00	6000W / 2-channel high-performance amplifier with DSP and Dante.
T602A £3,199.00	6000W / 2-channel high-performance amplifier with DSP.
T604 £3,999.00	6000W / 4-channel high-performance amplifier with DSP and Dante.
T604A £3,799.00	6000W / 4-channel high-performance amplifier with DSP.
T902 £3,999.00	8000W / 2-channel high-performance amplifier with DSP and Dante.
T902A £3,799.00	8000W / 2-channel high-performance amplifier with DSP.
T904 £4,799.00	8000W / 4-channel high-performance amplifier with DSP and Dante.
T904A £4,599.00	8000W / 4-channel high-performance amplifier with DSP.

INTEGRATOR PRICE LIST - MARCH 2024

Verso Gateway

Verso

Verso is a compact half RU device that serves as the pivotal link between Powersoft amplifiers and MyUniverso Cloud platform. This solution seamlessly integrates with the complete Powersoft portfolio, spanning Unica, Quattrocanali, Duecanali, Mezzo, T Series, X Series, and WMT. Precision-designed, Verso's form factor features RGB LED indicators on the front panel, providing immediate visual feedback. The dual-isolated networking architecture enhances security, with LAN and Cloud access separated for optimal protection. Beyond connectivity, Verso ensures reliability by offering secure data storage during internet outages. With centralized remote firmware updates and the added convenience of Easy Swap, Verso guarantees a worry-free experience for maintaining and optimizing your Powersoft amplifiers, making it the essential gateway to unlocking the full potential of MyUniverso.

Verso Gateway

£549.00

Gateway between Powersoft amplifiers and MyUniverso Cloud platform.
