The speakers can be used individually, or in conjunction with one another, and can be combined to make a 5.1-channel audio setup that transforms your TV and music experience. – but they work equally well as just a sound bar or just the speaker on it's own.

Crafted for immersive theater and concert-like ambiance at home, this system blends elegance and power with a soundbar, subwoofer, and two surround sound speakers. Plus, it taps into VSSL's features like Airplay 2, Siri, Chromecast Built-In, Google Assistant, Alexa Cast, Alexa, Spotify Connect, and Bluetooth for a complete audio experience.

SXSPKR | Wireless Speaker, Dolby Digital, BMR Driver, AirPlay2, Google Cast, Spotify
 £339.00

SXSUB | Wireless Sub Class-D Amp, 10" Honeycomb Woofer, connects to any SX product
 £729.00

SXBAR | Wireless Soundbar, 3 Class-D Amps, 3 wide dispersion BMR Drivers, 2 Woofers
 £829.00
